To

The Chief Secretary
to the Dewan of Mysore

Sir,

I do forward herewith, for the favorable consideration and orders of Government, copy of letter dated 24th instant, from Messrs. A. & Guillaume Parry & Co; I have the honor to state that, though under condition II of their contract, as per Government Notification No: 929, dated 23rd December 1891, and Notification No: 495, dated 30th March 1892, they are bound to keep ordinarily at the Distillery, the supply of arrack for a months' consumption, and never less than 17,500 gls., still, under the circumstances represented by Messrs Guillaume as regards scarcity of labor, dispersion of skilled labor owing to the long break in distilling operations &c, which has been really the case, the concession asked for by Messrs Parry & Co; may be granted.

2. The stock of liquor in reserve is very small, and consumption is increasing. If work people or others take advantage of the present position to strike or withdraw from work altogether, the consequences will be serious. I am aware that the Dewan is disinclined to make further application to the Government of India for permission to import liquor from the Madras Presidency, but as the case is urgent, I would solicit the favor of Messrs Parry and Co's request in this instance being complied with, in the interests of all concerned.

3. It will be observed that Messrs Parry & Co ask for the concession only for two months as a favor, on condition of supplying the liquor at the contract rate, viz 10½ annas per gallon of 20° U.P. All precautions will be taken to successfully guard against difficulties in future, and the terms of the contract will be duly enforced.

I have the honor to be,

Sir,

To

L. Ricketts Esqre

Excise Commissioner, in Mysore

Bangalore

Sir,

With reference to your letter Nos. 2466/144 dated 1st instant and 2803/130, of 18th instant, calling upon me to bring up my reserve stock of arrack to the prescribed quantity, viz 35,000 gallons without delay, I much regret to say that in the face of an increasing consumption it will be impossible to do this within a reasonably short time, and there is grave danger of my being unable to meet fully the current demand unless I receive assistance in the shape of supplies from elsewhere.

My short stock I attribute to numerous difficulties incidental to starting the distillery afresh, the principal one being only partial success so far in getting together again the skilled

Skilled labour owing to bumper crops, the Viceroy's visit, and other untoward circumstances.

No expense has been spared in any direction in endeavouring to ameliorate the position and as a last resource I am forced to ask you, in the interests of all concerned, to obtain for us as a favour permission to import Spirit from Madras for 2 months in order to increase our stock to the prescribed quantity, this being supplied at Contract rate.

The fullest possible work will be continued here and if permission to import be granted I now our difficulties can be overcome, and I believe successfully guarded against in future.

I have &c.
